

Features

Cinema-quality 3D experience

3-Dimensional TVs add new depth and dimension to create larger-than-life experiences. 3D Active Glasses sync up with the 3D TV to produce 3D images that virtually leap off the screen. Favorite shows can even be transformed to 3D in real time for the ultimate "reality" TV.

Smart TV with Samsung Apps

Samsung Apps are a growing collection of apps specifically built for your TV that connects you to your favorite digital content like videos, sports, games, social networking and much more. With web-connected apps on your Samsung Smart TV, you can stream movies from Netflix or Blockbuster, TV shows from Hulu, videos from YouTube, Next Level sports information from ESPN, music from Pandora and view updates on your Facebook or Twitter accounts. It's the apps that matter to you, now available on your TV.

Syncs with multiple devices using AllShare

AllShare™ syncs your digital devices so you can enjoy music, movies and photos from your PC, camera and mobile devices, on your larger TV screen. Connects you to multiple PCs, as well.

ENERGY STAR® Compliant

This eco-friendly feature helps you save money, while helping to save the environment by consuming less energy. ENERGY STAR® is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy that promotes energy efficiency.

4HDMI: 1 connection, 4 shared devices

4 compatible AV devices can now be connected to your TV at the same time, without all the tangled, cluttered cable wires, so you can share digital content quickly and securely.

Specifications

Series

- 7000 Series

Design

- LED TV
- Mystic Earth Touch of Color™
- Comes With Swivel Stand

Video

- 54.6" Diagonal Screen
- 1,920 x 1,080 Native Resolution
- 6,000,000:1 Dynamic Contrast Ratio
- Real 240Hz™ Refresh Rate
- 16:9 Aspect Ratio

Audio

- SRS TheaterSound®
- 15 Watts x 2 Audio Channels
- Built-in Bottom Speakers

Wireless Connectivity

- Wi-fi Ready (requires LinkStick™ adapter)

Features

- 3D Enabled
- Samsung Apps Platform
- AllShare™ DLNA Networking
- Wide Color Enhancer Plus
- Ultra Clear Panel
- ConnectShare™ Movie
