Our Dielectric TV Mirrors are the cutting edge of hidden television technology. You get flawless HD quality and incredible brightness from the LCD, without impeding the video quality. Unlike other mirror TV products, our mirrors don't tint your picture.

Dielectric TV Mirror Benefits

We have Dielectric Mirrors in stock and ready to be packed, and can ship them to you immediately. Our prices are excellent because we are able to manufacture them ourselves at our glass fabrication factory in Ohio. The quality is unmatched by our competitors who are buying their mirrors overseas from China. We are flexible in what we are able to create for you. No matter the type of TV mirror project you are working on, we have experts standing by advise you. Our factory can cut and ship the exact size you need, and we offer numerous options such as tempering, beveling, and polished edges.

Dielectric Mirror TV Systems

Add luxury and style instantly to your living room or bedroom with one of our elegant and affordable Mirror TV's. You can customize the appearance of your Mirror TV with over 20 different frame styles to match your décor. The complete plug-and-play systems we offer include TV's from a wide variety of manufacturers such as Sony, Philips, Viewsonic, Hitachi, Sharp, and Samsung. We offer a full range of sizes from 16-52" displays. Prices for complete systems including the frame, mirror, and TV start as low as \$695.
