- Matches regular mirrors
- Max size: 45"x65"

Our Premium ClearChrome bathroom mirrors are the best of both worlds. They offer a brilliant reflection for shaving or putting on makeup, while at the same time providing excellent HD picture quality.

## Premium ClearChrome Vanity TV's

Add sophistication and elegance to your bathroom in a matter of only minutes. Our vanity mirrors are plug-and-play, all you have to do is hang it on the wall and you're done! There is no easier way to upgrade the décor of your already existing bathroom, or complete the style of your bathroom under construction.

Our vanity mirror TV's have a 17" ultra-thin LCD ingeniously hidden behind the mirror. The mirror sits close to the wall, so you'd never guess there's a TV hidden behind it until it's turned on and the television magically appears.

The TV's come with waterproof remotes, so you can operate the TV from anywhere in your bathroom, including a tub, shower, or jacuzzi without worrying about getting it wet. Speakers are built into the system, so there's no need to complicate your installation with external speakers.

The vanity mirrors are offered in two different levels of quality, standard VanityVision and premium ClearChrome. The premium glass has a 20% brighter reflection and allows 40% more of the light from the TV to pass through the mirror.
