ConnectShare™ Movie

ConnectShare™ Movie lets you watch videos, play music or view photos from a USB drive. Simply plug your USB directly into your Samsung TV's USB port and watch on the big screen with friends and family.

Wide Color Enhancer Plus

Wide Color Enhancer Plus allows you to see picture color the way the director originally intended. Witness the entire RGB spectrum brought to life on your screen to bring you exceptionally vibrant, yet natural-looking images faithful to the director's original intent.

Anynet+

Take all your remotes and condense them into one simplified solution. With Samsung's Anynet+ you'll enjoy one-touch control for all your HDMI-connected compatible devices like your Samsung TV, Blu-ray Disc player, AV Receiver and Home Theater.

2 HDMI

With HDMI, you can easily connect up to two compatible AV devices at the same time and replace AV cables with a single solution. An HDMI cable can replace anywhere from two to

five cables so you can de-clutter your entertainment space with fewer wires.

Clear Motion Rate 120

Clear Motion Rate (CMR) is Samsung's more comprehensive and accurate measure for how well an LCD or LED TV can display fast-moving images. Previously, motion clarity was expressed simply by the refresh rate, measured in Hz. CMR, however, takes into account all three factors that contribute to motion clarity: panel refresh rate, image processor speed and backlight technology. CMR is measured by determining the thinnest line a TV can display in a moving image. The thinner the line, the higher the CMR rating, and the clearer the picture you'll enjoy on the screen.

ENERGY STAR Compliant

Go green and save the planet with a Samsung TV. All Samsung TVs not only meet ENERGY STAR requirements; they exceed them. This means:

- More energy savings
- Lower utility bills
- Leaving a smaller carbon footprint on the environment
