

### 40" 1080p LED HDTV

Samsung Apps  
AllShare™  
Auto Motion Plus 120Hz  
Mega Contrast Ratio (4,000,000:1)

Discover a picture that's visually stunning with the UN40C6400 LED TV. The 6400 features Samsung Auto Motion Plus 120Hz which virtually eliminates all motion blur so your 1080p high definition picture is remarkably sharp. Add a 4,000,000:1 Mega Dynamic Contrast Ratio and you're ready to step into seriously mind-blowing home entertainment.

### Samsung Apps

Web-connected Samsung Apps were made for your TV. Stream videos from YouTube, movies from Blockbuster, music from Pandora and see Twitter updates. You'll enjoy access to all this and more, right on your Samsung Television. Samsung Apps are a growing collection that connects you to your favorite digital content like video, sports, useful information, games, lifestyle and much more. Enhance your world of entertainment with up to the minute access at the touch of a button.

### AllShare™

Staying connected has never been easier, thanks to Samsung's AllShare™ which syncs up many of your digital devices. Now you can enjoy music, movies and photos from your PC, camera and mobile devices, right on your Samsung TV screen. Wirelessly and effortlessly. You can even connect with multiple PCs. Getting on TV has never been this easy.

### Auto Motion Plus 120Hz

Advanced panels and unique backlight technology combine with proprietary algorithms to reduce the response time and yield a more accurate image reproduction with faster onscreen action. With 120Hz technology, blur is virtually eliminated and clarity enhanced, for smooth, lifelike motion.

### Mega Contrast Ratio (4,000,000:1)

Samsung creates an utterly stunning picture with Mega Dynamic Contrast Ratio. Pure, deep blacks are combined with bright whites and every color in between to create a stellar picture. Colors pop and images are sharp with crisp details. Experience true cinematic clarity right in your living room.

### Ultra Slim Design (1.2" deep)

An ultra-thin, super-slim LED TV that's still packed with all the innovative features you want has arrived. Samsung redefines slim with TVs so thin and beautiful they add instant elegance to every room. In fact, Samsung LED TVs also have no external transceiver box, which helps keep your entertainment

From the quarterback scoring a touchdown in the shaded end zone to the fans cheering in the sunny stands, you'll see every second of the action in beautiful detail.

space organized and clutter-free. Experience a new level in ultra-slim design with Samsung televisions.

### Ultra Clear Panel

Get amazing picture quality even with reflective light. Ultra Clear Panel absorbs ambient light and virtually eliminates reflections so there are no distractions. Colors are more vibrant than ever before, blacks are deeper and contrast is enhanced. A Samsung television with Ultra Clear Panel clearly has picture quality you can be proud of.

### Full HD 1080p

Kick your home entertainment into high gear with 1080p high definition. The 1920x1080 resolution lets you experience the brightest, boldest colors and a realistic picture in full HD. 1,080 horizontal lines are used to create a remarkable picture brimming with sharp details. In fact, you'll see a picture that's nothing less than the highest resolution where every detail is delivered with amazing clarity and motion is smooth and crystal-clear.

### Light controlling, energy saving

Our unique light sensor measures the intensity of the room's light and automatically calibrates the brightness of the image on the screen. In a sun-filled environment, the picture grows even brighter, and in dim surroundings, intensity is reduced. So now you're saving energy on a bright screen when it isn't needed. You're enjoying the best picture possible with a TV that's aware of its surroundings.
